

**To Potential University of Warwick Students joining a WMG Overseas MSc Programme in
2021/2**

Covid Communique; June 2021

Dear Prospective Student,

Thank you for your interest in joining a WMG Overseas Programme.

Because of Covid-19 restrictions WMG faculty will be teaching our modules on-line using Microsoft Teams from the start of the 2021/22 academic year.

WMG plan to return to face to face teaching in Thailand when national and international travel, vaccination and quarantine requirements allow and our University, Partner Institutions and staff are happy about staff and student safety while travelling and in the class-room. We will review our teaching mode with our partners on a quarterly basis and give you two months notice of any planned changes.

We wish you all the best in your studies. Please contact your local centre or email WMG with any follow-up questions or concerns.

Best Regards

Mike Newton
Director of Overseas Programmes; WMG

Dr Chuvej Chansa-ngavej
Director; CUSE
